**Notice of Ordering Consumer Reports**—In order to determine your premium and evaluate your eligibility for insurance products, insurance companies obtain reports provided by independent consumer reporting agencies, relating to driving record (for automobile insurance), losses and credit. These reports are used to verify and supplement information that you may provide to us. If you wish, we will provide you with the name and address of the consumer reporting agency from whom we order the report(s) so you can obtain a copy, if desired. Examples of the type of consumer reports we order include the following:

**Insurance Claim Reports**—Insurance claim reports, such as C.L.U.E (Comprehensive Loss Underwriting Exchange) and others, are provided by independent consumer reporting agencies that collect claims information from many insurance companies.

**Insurance Scores**—Insurance Scores are calculated for us using an analytical scoring model that uses credit report information from credit history files maintained by independent consumer reporting agencies.

The above consumer reports may be ordered in connection with the issuance, update, renewal or reinstatement of your policy and when seeking comparison quotes from the companies we represent.
